

MALIBU RESIDENTS AGAINST ROUNDABOUTS AT PCH/ENCINAL CANYON & PCH/EL MATADOR

We, the undersigned, state: We reside in and/or own real property in Malibu, protected by law by the regulations of the City's Local Coastal Program.

We stand united **against** the proposed roundabout pilot project at Pacific Coast Highway/Encinal Canyon Road and El Matador Beach Road. The Project was *not* approved or recommended by the 2015 PCH Safety Study Final Report and does *not* comply with the requirements of the City's Local Coastal Program.

The safety and transportation impacts of the Project have not been evaluated.

Reducing two lanes into one starting at Broad Beach Road lowers vehicle capacity and limits emergency response flexibility in Western Malibu.

The Project proposes a *NON-STANDARD* roundabout design with direct access to private driveways across Encinal Canyon, in direct conflict to U.S. Department of Transportation ("USDOT") Federal Highway Administration ("FHA") guidance.

Requiring bicyclists to merge into a single lane with vehicles creates safety transportation hazards.

All of this is proposed on Pacific Coast Highway, an evacuation route arterial.

STOP THIS PROJECT from moving forward.
